EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: In the claims – CANCEL claims 3-10.

Election/Restrictions

Applicant's election of Group I in the reply filed on 2 August 2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the presence of claims 3-10 directed to an election non-elected without traverse. Accordingly, claims 3-10 have been cancelled.

Allowable Subject Matter

Claims 1, 11, and 12 are allowed.

The following is an examiner's statement of reasons for allowance: Claim 1 states the limitation "wherein a plurality of wiring patterns corresponding to individual layers of a multilayer flexible wiring board are directly arranged on the same surface of the substrate in the width direction, which is perpendicular to the longitudinal direction of the substrate, and a plurality of the directly arranged wiring patterns corresponding to

multilayer flexible wiring boards are arranged in the longitudinal direction of the substrate". This limitation, in conjunction with the other claimed features, was neither found to be disclosed in, nor suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
